

Our Quality Policy:

As global manufacturer and developer of efficient, innovative, and high-quality products with 3mesh we strive for the complete customer satisfaction by a continuous improvement of quality and of the behaviour in all our business activities. On the basis of international standards, customer specific requirements, and the requests of our business partner our quality system is constantly optimised, examined for its effectiveness, and certified by an independent body.

Our objective is: „The development of customer and application-specific products being delivered in top quality at the right time accompanied by a comprehensive service. To this end, all our employees bear responsibility in their respective field of activity and consider themselves as a part of the whole process chain.

For us, quality means:

- ✓ Qualified and motivated personnel
- ✓ Striving for zero-error quota by continuous improvements
- ✓ Reliability in our acting
- ✓ Customer satisfaction
- ✓ Economic efficiency of the products by our innovation and effective processes
- ✓ Cooperative partnership with capable and skilled suppliers.

The top management of the Müller Textil Group and the managing directors of the locations ensure the implementation of the quality policy as well as of the requirements of the Quality Management Manual.
